

The background of the entire page is a photograph of a cityscape, likely Covilhã, Portugal, featuring multi-story residential buildings with red-tiled roofs. In the foreground, there are green trees and a concrete walkway where a few people are walking. The University of Beira Interior logo, consisting of three stylized vertical bars of varying heights, is positioned to the left of the university's name.

UNIVERSITY OF BEIRA INTERIOR

UBI is a Portuguese public university with 10.000 students, of which around 1,700 are international students from 50 different countries, creating a cosmopolitan environment that fosters cross-cultural understanding, enriching academic experience and preparing students for a globalized world.

Learning and research facilities are structured into 5 Faculties and 18 research units based at UBI and at other institutions.

As a comprehensive university, it promotes multidisciplinary and synergies between research groups and between them and the outside world, emphasising the possibility for students to interact with industry and the consumer market, contributing to groundbreaking discoveries.

Its vibrant, dynamic and high-quality research community has earned UBI the third best position at national level in terms of research quality.

UBI is UNITA

Universitas Montium

UBI is part of UNITA, an alliance of 12 comprehensive research universities and a Legal Entity from 7 European countries, funded by the European Union.

UNITA is a transformational project aiming at establishing a new model of increasingly collaborative and integrated teaching, research and innovation through enhanced mobility and with strong links to our ecosystems. The UNITA community has more than 248,000 students and 20,000 staff members.

We actively and increasingly use Romance languages in addition to English in education, research, innovation and management, thus enhancing linguistic diversity and promoting inclusion but also resorting to them as a tool for projecting UNITA beyond Europe, taking advantage of our languages in large regions of the world, particularly in the Americas and in Africa.

Climb your future!

UNITA GEMINAE

UNITA created a network of overseas partner Higher-Education Institutions (HEI) under the program GEMINAE, preferably from Romance languages-speaking countries, in order to:

- Involve Geminæ HEI in UNITA activities/actions/practices.
- Share best practices to improve processes on a mutual basis principle: training, research, teaching, administration and governance.
- Facilitate the mobility of students from these institutions to UNITA, and even encourage students to settle, at least occasionally, in UNITA's countries and regions.
- Exploring possible programs as Adelante, Cooperation partnerships, Knowledge alliances, Capacity Building projects to support the common activities.
